PROFESSIONAL EXPERIENCE

Software Developer (Fullstack Developer)

WTM IT Limited | 2023 - Present

- Built and optimized RESTful APIs for efficient data exchange across platforms.
- Integrated third-party APIs to enhance functionality and improve operations.
- Developed secure payment gateway solutions for smooth transactions.
- Designed clean, responsive frontends for new features, ensuring a great user experience.
- Collaborated with teams to deliver robust software within deadlines.

PROJECTS

Tolxa- https://tolxa.com

WTM IT Limited | 2023 - present

- Tolxa.com is a rental vacation platform developed using PHP, Laravel, JavaScript, and Bootstrap 5.
- I integrated Twilio's WhatsApp/SMS APIs, implemented a secure payment gateway, worked on responsive front-end design to enhance user experience.
- The platform simplifies vacation rental management for users.

Veloxinfra - https://www.veloxinfra.com/

WTM IT Limited | 2024 - present

- Veloxinfra.com is a real estate platform built with Laravel, Bootstrap 5, and JavaScript.
- I worked on Razorpay payment gateway integration and enhanced the frontend for a responsive, User-friendly property listing and management experience.
